

Say yes to good health

Makes the Difference

Quality & Efficacy *Coupled with* Economy

Say yes to good health

Adicos

Syrup 60ml, 120ml & 450ml

SUGAR
FREE

**Ordinary cough syrups contain high sugar contents
that cause rise in sugar levels abruptly**

(High amount of sugar is taken with routine daily dosage of ordinary cough syrups)

ADICOS

*An ideal cough expectorant
Prevents unwanted rise in sugar level
Relieves productive cough effectively
Relieves from tonsils irritation
Provides easy breathing*

A highly effective choice in:

ADICOS

*Productive cough due to bronchitis
Clear and dilates air passages
Cough in diabetic patients
Cough in asthma
With an added **sugar free** advantage*

BRIEF PRESCRIBING INFORMATION:

Composition: Each 5ml contains: Diphenhydramine 8mg, Aminophylline 32mg, Ammonium chloride 30mg, Menthol 0.98mg. **Indications:** ADICOS is indicated in the symptomatic treatment of productive cough. **Contraindications:** ADICOS is generally well tolerated. ADICOS should not be given to patients with hypersensitivity to its components. Because of the diphenhydramine content, ADICOS is not recommended for the treatment of acute asthma or acute exacerbation of chronic bronchitis associated with clinically significant bronchospasm. **Dosage:** Adults: 5-10ml every 2-4 hours as indicated. Children: 2-6 years upto 2.5ml (1/4-1/2 5ml teaspoon) every 2-4 hours as needed. 7-12 years 2.5-5ml (1/2-1 teaspoon) every 2-4 hours as needed. If required, an additional extra dose may be taken after the first 2 hours.

Presentation: Bottles of 60ml, 120ml & 450ml.
